

TransLink Opportunity

Planning and Policy Division

Looking for a great place to work where you can make a difference in the vibrant Metro Vancouver region?

A career with TransLink means being on the inside track in the development of Metro Vancouver's transportation system. You would be working at the region's innovative, multi-modal, integrated transportation authority towards achieving TransLink's vision of "A better place to live built on transportation excellence."

TransLink's Planning and Policy Division is recruiting for highly motivated people with backgrounds in: long range strategic plan development, transportation economics, public policy, operations research, electronic fare card analytics and multi-modal plan development, or related disciplines and experience.

TransLink has a number of exciting opportunities to work in an industry-leading Planning group. You could play a central role in career-defining initiatives such as the development of the agency's Long Range Strategy & Plan and the successful launch of its electronic fare card.

Closing date: *February 20, 2012*

Please visit TransLink's website and explore our current career opportunities and find more than just a job!
