Are your Supervisors facing specific challenges? We'll come to you with a tailored course! The process begins with a discussion with you and CUTA Training Staff to set out learning objectives and implementation ideas for your employees. We'll take any of the modules and custom design them for you.

TRANSIT SUPERVISION FOR 2010

Based on a series of interviews, evaluation results and an industry expert survey, CUTA has developed a new training series for Frontline Supervisors. Each series has four modules. The curriculum is designed to meet the most requested areas of training as identified by the industry.

In 2010, CUTA will strive to diversify geographical locations for course offerings. Transit systems from around the country will be hosting training sessions.

STRATEGIES FOR NEW SUPERVISORS **November 4, 2010** **Halifax, NS**

Do you have employees who are about to be promoted to a Supervisory position or have been supervising for up to one year? Supervisors from all areas including operations, maintenance, and administration will come together to discuss the stress encountered when employees become Supervisors. The dynamic of moving from being a "buddy" to a "boss" is often difficult. Participants will focus on the dynamic of a new set of expectations and how to deal with the challenges that face new Supervisors.

Registration for this course is open to the public.
