TRANSPORTATION PLANNER

Calgary, AB

Recognized as one of Canada's top employers, Urban Systems is a professional services firm operating in Western Canada. We provide integrated solutions to our clients through a collaborative, team based approach. Our clients include local and provincial governments, First Nations and the private sector. We also provide exceptional career opportunities for our 300-plus employees located in eight offices throughout British Columbia and Alberta.

At Urban Systems people matter most. We have become recognized as a workplace of choice by nurturing a unique corporate culture that sets us apart from the rest. We make significant investments in our people and we provide:

- Challenging and interesting work
- A stable, employee-owned company
- A positive, flexible and supportive work atmosphere
- Ongoing coaching to facilitate career growth and development
- Meaningful rewards and recognition

OUR TRANSPORTATION PRACTICE

Transportation is an integral part of our professional practice, and while we don't aspire to be the biggest, we want to be among the best. We have considerable experience in all aspects of transportation, including highway design, road network planning, multi-modal planning and design, computer modeling, traffic engineering and travel-demand management. We have in-house capabilities to take transportation projects from conception through the various planning, design and implementation phases.

THE OPPORTUNITY

Continuing demand for the kinds of services that we provide has prompted our search for a talented and motivated professional. More specifically, we wish to round out our team in Calgary with a capable and enthusiastic Transportation Planner.

Our preferred candidate will possess a minimum of 10 years of experience in a variety of transportation projects including highways and roadways, transit services and facilities, traffic engineering and preliminary design. In addition, we are looking for the following skills, strengths and interests:

- A passion for being on the front lines working with clients developing innovative solutions that add lasting value;
- Natural aptitude for building and nurturing relationships with clients and colleagues;
- Highly effective communication skills as demonstrated through written and verbal presentations;
- Ability to develop and build a strong network and team;
- Committed to ongoing personal and professional development; and
- Energetic and enthusiastic – someone who thrives in a fast-paced environment.

If you are looking for an opportunity like this, we encourage you to send your resume and covering letter along with a completed Candidate Questionnaire (available for download on our website under "Join Our Team") to careers@urban-systems.com. **Please quote: "Calgary – Transportation Planner" in the subject line of your application.**

Deadline for applications is **February 29th, 2012.**
